Role 2

Job Title: Apprentice Hiring for 2026- 2027

Location: Mumbai, India

Role Description

Operational Risk Management (ORM), as part of the Chief Risk Office (CRO), operates as an independent "2nd Line of Defence" function, collaborating with business and infrastructure areas ("1st Line of Defence") to manage

the non-financial risks (i.e., operational and reputational risks) of the bank within the group-wide risk appetite and to improve the control environment. ORM defines the ORM framework for the appropriate identification, assessment, mitigation, monitoring, reporting, and escalation of non-financial risks.

Your key responsibilities

- Demonstrate understanding of Operational Risk Management (ORM) principles, frameworks, and methodologies.
- Possess a general comprehension of core risk management concepts, including the risk lifecycle and various risk mitigation strategies.
- Exhibit knowledge of different types of risks within the Operational Risk Management world.
- Show a willingness to learn and assist in the execution of risk identification and monitoring processes, including data collection and analysis.
- Ability to support and adapt in the fast-paced risk environment.

Your skills and experience

- Bachelor's degree/diploma or equivalent certification in banking, finance, economics or business administration
- Good working experience in MS Office (including Excel, PowerPoint and Word knowledge), MS Access and Visual Basic would be an advantage
- Very good eye for detail, and root cause analysis
- Able to work as part of an international team, but also self-reliant
- Good communication and project management skills
- Excellent verbal and written communication skills in English
- General understanding of working in a time critical space with Regulatory/Audit Focus
- General knowledge of industry trends and standards, risk management practices, legal and regulatory changes

Proven ability to leverage AI tools to enhance productivity, optimise workflows to solve business problems, while applying critical judgment to ensure responsible and ethical use of data and AI outputs

How we'll support you

- Training and development to help you excel in your career.
- Coaching and support from experts in your team.
- A culture of continuous learning to aid progression.

Role 14

Job Title: Apprentice Hiring for 2026- 2027

Location: Mumbai, India

Role Description

- This is a Business Finance role for the Private Bank ("PB") franchise and is responsible for managing all PB Divisional Finance topics, facing off to CFO and Business Finance Global Leads and business managers across hub locations.
- The incumbent would be responsible for a range of business finance activities including month end ledger close, journal postings, P&L reporting, Revenue Flash/Actuals, Balance Sheet substantiation, financial disclosures; and so on.

Your key responsibilities

Business Finance is responsible for the production, validation and reporting and analysis of daily P&L including attribution, month end financial statements including substantiation, and disclosures, for their area, in line with applicable internal policies and external regulatory, statutory and control frameworks.

Key deliverables for this role include:

- Supporting preparation of Revenue Flash, explaining variance vs prior trends and actuals as they develop during ledger close.
- Engaging with Business managers across regions/businesses for the above - this is critical due to lack of daily P&L, requiring detailed driver based explanations of movements, cyclical and episodic events
- Supporting other deliverables including daily P&L reporting, FX exposure management, financial disclosures and Balance sheet substantiation.
- Supporting performance of key controls including Analytical review, Financial Adjustment reviews, Book Completeness.
- Managing audit requirements

Your skills and experience

- Commerce Graduate or MBA Finance with specialization in Financial accounting & reporting
- Good communication and articulation skills with experience in facing off to business heads
- Ability to work in a diverse team with cross-cultural exposure
- Very good desktop and presentation skills

How we'll support you

- Training and development to help you excel in your career.
- Coaching and support from experts in your team.
- A culture of continuous learning to aid progression.
