[Apply](#) Bangalore, Velankani Tech Park Full time Posted Yesterday R0439769

Job Description:

In Scope of Position based Promotions

Job Title: Loan Operations Expert, AS

Location: Bangalore, India

Role Description

Be part of the trade settlements team who handle the settlement of loan trades with various currencies and amounts to ensure trade proceeds are completed within funding timelines in a fast-paced environment. The team processes transactions for the Distressed Products Group which deal with Settlement of Trades in the secondary loans trading market, Claims, Restructures as well as Loan Servicing.

What we'll offer you

As part of our flexible scheme, here are just some of the benefits that you'll enjoy

- Best in class leave policy
- Gender neutral parental leaves
- 100% reimbursement under childcare assistance benefit (gender neutral)
- Sponsorship for Industry relevant certifications and education
- Employee Assistance Program for you and your family members
- Comprehensive Hospitalization Insurance for you and your dependents

- Accident and Term life Insurance
- Complementary Health screening for 35 yrs. and above

Your key responsibilities

- Manage day-to-day loan activities including but not limited to manual general ledger entries, manual cashflows/manual funds flows, secondary trade processing etc.
- Responsible for ensuring all operational requirements are met prior to booking/settlement of trade/loan transactions in LoanIQ system in a timely manner
- Required to liaise with senior business stakeholders, clients and their representatives, Legal (both internal & external), Deutsche Bank Finance, Risk teams, and onshore and offshore Operations teams
- Responsible for query resolution on all aspects of Loan booking/ settlement/maintenance
- Be involved in conducting operational review of trade and loan related documentation and support the banks initiatives to meet strategic goals including process automation/ straight through processing/ control initiatives
- Identify and escalate open issues to team manager
- Provide written commentary on outstanding open issues
- Collate regular reports for monitoring purposes
- Daily monitoring of WIP (Work in Process) and control reports ensuring that items are properly identified and cleared in a timely manner
- Cash matching on internal systems
- Review and update procedures to ensure efficiency in training and transaction processing
- Participate in departmental projects and initiatives which involve UAT testing
- Cross-train with other departments for work efficiencies and knowledge enhancements
- Adhere to operational controls including legal and regulatory procedures to ensure safety and security of the Bank's assets
- Understand business and regulatory requirements and ensure functions are being performed in those requirements
- Other ad-hoc requests as needed assigned by management
- Knowledge of Risk Free Rates (SONIA, SOFR)

Your skills and experience

- Expertise in Loan IQ system & thorough knowledge on wires, nostros and fund flow between various departments and have hands on experience in at least one of the areas such as Deal Origination, Trading & Settlement, Docs management, Processing & Loan Controls
- Candidate should have the clear understanding of 'Delayed Compensation' and 'Cost of Carry' if trading is not completed within LMA guidelines
- Innovative thinking approach, Positive/Willing to learn attitude, Eye for detail, identify process improvement opportunities and execution, and always ready to take additional responsibilities
- Bachelor's Degree preferred in Business, Finance, Accounting or Economics combined with at least 1-2 years financial industry experience. Alternatively, 3-4 years of experience in the financial industry is preferred
- Ability to read and understand legal documents such as credit agreements, amendment documentation, trade settlement documents and loan servicing notices
- Strong problem solving and/or analytical skills under tight deadlines and stress induced environment
- Possess effective decision making capabilities

- Ability to work independently and handle heavy volumes within deadlines
- Ability to work in a team environment in order to achieve group targets
- Strong relationship abilities with internal departments
- Excellent PC skills to include proficiency in Microsoft Excel and Word
- Ability to multi-task and work in a fast-paced investment banking operations environment
- Thoroughness and attention to detail is a must
- Excellent organizational skills
- Proficiency in financial applications, mathematics/analysis would be beneficial
- Excellent written and oral communication skills
- Strong interpersonal skills, both verbal and written
- Knowledge of syndicated loans procedure

How we'll support you

- Training and development to help you excel in your career
- Coaching and support from experts in your team
- A culture of continuous learning to aid progression
- A range of flexible benefits that you can tailor to suit your needs
